Concerns

Many issues can be resolved by talking directly to the staff member involved or their manager. Alternatively, the Experience and Complaints Team will liaise with the Service Manager on your behalf and they will contact you confirming what has been done to redress your concerns.

Complaints

In the first instance, our Experience and Complaints Team will contact you about the issues, clarify what it is you are unhappy about, and how you would like us to put things right for you.

You will receive a letter from the Experience and Complaints Team acknowledging your complaint and outlining how long it will take us to investigate and find a resolution.

If possible we will always try to resolve your complaint within 25 working days. However circumstances outside of our control sometimes prevent this from happening but we will always keep you informed of any delays.

What happens to your complaint?

The Experience and Complaints Team will act as your point of contact within Sirona. All complaints will be investigated by the Service Manager and, where appropriate, another manager who will act as an independent investigator.

Our Chief Executive will review and sign all complaint response letters. Once the investigation has been completed an action plan will be agreed with the relevant Director ensuring any improvements to our services are taken forward.
